Kills Bill; Asks Curb on Prices

WASHINGTON, (AP)—President Truman Saturday vetoed the controversial Office of Price Administration bill.

He took the action which Economic Stabilizer Chester Bowles had urged in resigning in protest over the bill—an action which Democratic leaders in congress said would mean the death of all price controls Sunday midnight.

In a strongly-worded message to the house, the president said the extension bill presented to him by congress offered no choice between continued price stability and inflation.

"It is a choice between inflation with a statute and inflation without one," Mr. Truman declared. "The bill continues the government's responsibility to stabilize the economy and at the same time it destroys the government's power to do so."

The president called upon congress to "act and act now" on a bill to give the United States "adequate assurance of completing a successful transition to a sound peacetime economy."

The measure, he said, should contain three chief provisions:

1. An extension of stabilization laws for a full year.
2. Continued stabilization subsidies on a scale sufficient to prevent serious increases in food prices in the next six months and to allow an orderly end of subsidies during the first half of next year. He said he considered \$1,250,000,000 the minimum needed for these purposes.
3. An expression of congressional policy on ending price controls and subsidies. He expressed a liking for provisions of the vetoed measure calling for orderly removal of price controls and subsidies except those the president finds by April 1 to apply to commodities in short supply.

Mr. Truman said he would not object even to standards of decontrol-taking off price ceilings of particular commodities as provided in the extension bill or establishment of a three-man independent second board.

But he put this on the condition that the standards be modified to make sure that in the next "crucial" six months, "ceilings do not have to be lifted where it is clear that serious price rises would result."

Earlier, the civilian production administrator, John D. Small, had sounded a warning that there was a "serious danger" of inflation if prices for so high enough to touch off a new wave of wage demands and strikes. Housing expenses, he said, would be "a major factor."

20 Million Loss Refinery Fire

PUEBLO, Mexico, (CP)—A \$20-million fire Thursday destroyed the huge Alcantara refinery, one of the world's largest and most modern. The fire was caused by a gas leak from a pipe in the refinery.

The refinery was owned by William Ocker Jenkins of Los Angeles. It produced about 100,000 barrels of gasoline daily.

The fire was said to have started at several places simultaneously. Company officials said there had been some labor trouble at the refinery recently.

Bail Is Refused For Fred Rose

MONTREAL, (CP)—Mr. Justice Barclay of the appeal court Saturday rejected application on behalf of Fred Rose, a Montreal entertainer, for \$25,000 bail pending trial in Japan.

Mr. Rose, 35, was charged with conspiracy to defraud the Japanese government of \$100,000.

Plan \$175,000 Warehouse in City's Wholesale Area

Construction of a three-story warehouse at 101 and 102 ave. next year at an estimated cost of \$175,000 is planned by Realty Bros. Ltd. It was announced Saturday.

Plans and details of the new structure to be erected on a site owned by the company will be worked out this year.

Announcement also was made of the retirement Saturday of William H. Sterne, who has been manager here ever since the Edmonton branch was opened in May, 1916. He has been in the company's service since July 1, 1915, and now has reached the retirement age of 60.

Reveal R.C.A.F. Plane, U.S. Ships Sank Jap Sub off West Coast

SEATTLE, (AP)—The dramatic story of how two lightly armed American ships, the USS. Guard and the USS. Albatross, sank a Japanese submarine off the west coast of Canada in June, 1942, was revealed today by a new book, "The Battle of the Albatross," by the author, John H. Mears.

The book, which is being published by the R.C.A.F. Press, tells the story of the battle between the USS. Guard and the USS. Albatross and the Japanese submarine, the I-26, which was sunk off the west coast of Canada in June, 1942.

The book is a detailed account of the battle, from the discovery of the submarine to the final sinking.

Britain Acts to End Widespread Violence

JERUSALEM, (CP)—British authorities launched a sweeping campaign to "root out terrorism and violence" in Palestine, sending troops in an early morning raid to occupy Jewish Agency headquarters and clamping a curfew over wide parts of the troubled Holy Land.

All available members of the executive committee of the Jewish Agency, chief Jewish organization in Palestine, were reported among the large numbers of persons arrested.

Simultaneous searches were launched in Tel Aviv and several other Jewish communities.

(Reuters news agency said one British soldier and one Jew were killed when Jews clashed with military forces at a Jewish settlement north of here).

After troops and police, protected by planes flying overhead, began their operations, Sir Alan Cunningham, Britain's high commissioner in Palestine, issued a proclamation announcing the measures were being directed by the British Middle East commander. He said it was "not the intention at this time to prescribe or close the Jewish Agency."

The widespread British moves were taken while three of six British officers recently kidnapped were still in the hands of their abductors. They were reportedly held as hostages against the execution of two members of an illegal underground organization, convicted of participating in an armed raid on a British camp.

(The Jewish agency for Palestine is the body recognized by law as representing the Jewish people in matters concerning the establishment of the Jewish national home in Palestine, its headquarters are in Jerusalem, and it maintains offices in London, Washington, New York and Geneva.)

Chicago Youth Is Suspected In Degnan Kidnap-Slaying

CHICAGO, (AP)—State Attorney William J. Tully said Saturday that "a 17-year-old student of the University of Chicago is suspected in the kidnap-slaying of Suzanne Degnan, but 'as the matter stands now, I have not yet detected sufficient evidence to prove him guilty beyond all reasonable doubt.'"

The State's attorney said police had discovered nine points of similarity between fingerprints of the Degnan ransom note and those of the student, which William Heirens.

Suspect Remains Silent

Heirens, strapped on a bed in the Bridewell hospital, remained silent through hours of questioning after Tully said he had told him about the similarities.

Heirens suffered head injuries Wednesday when he was seized by police for questioning about a burglary.

The new turn in the investigation of the brutal slaying and kidnapping of the six-year-old Degnan child, who was kidnapped from her home last May 2, came Friday shortly after Richard J. Daley, Chicago mayor, announced that he had held in Phoenix, Ariz., repudiated the story he had told here that he was the kidnaper-slayer.

Found In Routine Check

Tully said the discovery was made by police officers making a routine check of Heirens' belongings.

Police disclosed they had searched Heirens' dormitory room in the midway campus and found three guns, a detachable surgical knife, a detachable saw, a .38 Smith & Wesson revolver, a .22 caliber pistol, a camera, jewelry, \$2,100 in bonds and numerous other valuables worth \$3,451.

Tully said Heirens had been charged with the slaying of a 16-year-old girl, Evelyn Peterson, 26-year-old army nurse who was attacked in Chicago last May 2.

Heirens, who will be 18 next Nov. 15, was captured after a battle with police. Detectives said they found him sleeping in an apartment building.

'Married' Here; Sent to Prison

NEW WESTMINSTER, B.C. (CP)—George Roediger, 69-year-old farmer, was sentenced Friday to 30 years in penitentiary shortly after he was convicted on a charge of bigamy and kidnapping his wife, Margaret, from her husband, Donald Galloway.

Roediger sat for four hours in the witness box, recounting a 45-year career of crime and jail terms. He said he had married Margaret in 1911, but had later married her again in 1931.

He admitted serving a jail term for embezzlement and fraud in 1911, and a term for kidnapping in 1912. He said he had married Margaret in 1911, but had later married her again in 1931.

Honor Members School Patrols

Hailed as "sentinels of safety," members of the school safety patrols were honored guests of the Edmonton branch of the Alberta Motor association at an annual banquet at the Macdonalds.

Students lauded the outstanding records of the patrols, composed of boys and girls, operating in 25 Edmonton public and Separate schools. They said that since the patrols were first organized here under A.M.A. auspices seven years ago, there has not been a major accident involving a school pupil at any intersection near the schools.

Four safety badges of honor were awarded. These went to Laurie Nadreau, Grandin school, who was promoted to captain, Harry Marks, of Oliver school, Jack McDougall, of Jasper Place school, and Danny Griffin, of St. Alphonsus school. The badges were pinned on recipients by Deputy Chief Constable Alex Kiddell.

Guest speaker was Mr. Justice George B. O'Connor, who commended the school patrols on their fine record.

"You were chosen as school patrols because you have shown capacity for leadership and a willingness to serve the public," he said. "This is only the first rung in the ladder of public service for you to climb. Never give up public service. Keep up the fight for the welfare and safety of the public."

Dr. C. J. Home, chairman of the Edmonton branch of the A.M.A., presided. Toasts to the province of Alberta and the city of Edmonton were proposed by C. H. Grant, counsel for the A.M.A., and responded to by Hon. W. A. Fallick, minister of public works, and Acting Mayor Sidney Parsons. The minister made special mention of the work of the school patrols.

Tempers Flare Over Statement

CANBERRA, (CP)—The Australian house of representatives was thrown into an uproar at a late evening sitting Thursday after Edward Ward, external territories minister in the Labor government, accused the early wartime administration of a device strategy which he called "a betrayal of Australia."

An angry scene developed as E. J. Harrison, deputy opposition leader, became involved in a bitter exchange with Mr. Ward, and challenged the minister to repeat outside the chamber the statement that the deputy opposition leader was a "dirty cowardly snail."

Prime Minister Chifley, intervening, said he felt nothing would be gained by "taking over dead ashes of the past." He added: "I don't think the remarks in this debate are any credit to parliament or serve any useful purpose to the democracy of this country." He said the incident was "deplorable."

Heroic Winnipeg Man Is Praised

WASHINGTON, (CP)—Dr. Louis B. Slotin, 25-year-old nuclear physicist of Winnipeg, was officially praised Friday for his heroic and successful efforts to save his fellow workers when he was fatally burned in an atomic laboratory mishap at Los Alamos, N.M., last May 21.

Dr. Slotin was completing last-minute preparations for a fissionable materials associated with the Bikini atom experiment to which he had been assigned when the accident occurred.

When the slip of an instrument threw these materials together, Dr. Slotin interposed his body between the explosion and his seven assistants and quickly scattered the materials to halt radiation. He died as a result of exposure to radiation but not until he had gone before his fellow-scientists to pass along to them the knowledge which might have saved him.

Mayors Discuss Labor Problems

VANCOUVER, (CP)—Closer co-operation between capital and labor was advocated Thursday by Mayor A. J. Mason, Springfield, N.S., at the ninth annual convention here of the Canadian Federation of Mayors and Municipalities.

Labor needs and is entitled to expect from management and government "an economic security that will provide maintenance for itself and dependents." He said that the richer provinces "must be prepared to pay their fair share in the economic future of the dominion."

Reeve Ann Shipley, Teek township, Ont., believes that unemployment relief should be the responsibility of the federal government. Selective Service should be maintained, and relief "should be paid for entirely from national revenues."

Mayor H. D. Ainlay, Edmonton, criticized the dominion government because, during the last election campaign "it went up and down the country promising full employment" and "no government should make any promise if it does not intend to implement the program."

Mayor Garnet Coulter of Winnipeg, was elected president of the federation. Vice-presidents included A. W. Blackledge, Lettbridge.

Thinks Price Oil May Rise

CALGARY, (CP)—The American oil industry, which was recently given a 10-cent-a-barrel increase in the price of crude oil, feels that a further increase is necessary to bring the price up to the increased cost of production. William F. Knode, former chairman of the Alberta petroleum and natural gas conservation board, said Thursday.

Women Swarm To Flour Stores

LONDON, (CP)—Thousands of housewives, swarmed from their kitchens Friday and joined in a great flour rush in the wake of the government's decision to ration bread, beginning July 21—a decision which the house of commons agreed to debate next Wednesday.

In the first hour and one-half after grocery stores opened, it was estimated 750,000 to 1,000,000 pounds of flour passed the counters.

Queues of women were standing at the doors when the shops opened and many went from store to store laying in small hoards of flour and prepared cake and biscuit mixtures.

Federal Action Seen as "Tragic"

REGINA, (CP)—Premier Douglas of Saskatchewan said Friday that if the federal government intends to drop social service proposals from the budget the result would be "tragic to the general, social life of Canada."

He said the offer of the federal government to sign separate agreements with the provinces was "courageous."

"It was evident throughout the dominion-provincial conference that there was a difference of opinion between federal members as to whether the dominion should drop proposals with regard to social services," he said.

"We cannot give up any field of taxation until we are absolutely sure that the dominion proposals would mean, so until the complete text is available there can be no decision."

"I don't see how the dominion government can fail to take over old age pensions and establish a system of health services in view of the promises made in the 1945 general election."

Tax Exemption Granted M.L.A.'s

OTTAWA, (CP)—Members on all sides applauded sympathetically to the commons Thursday when Finance Minister Bailey disclosed in his budget a concession for provincial legislators.

He announced an amendment to the taxation law providing that where an elected member of a provincial legislature was paid an allowance for expenses incidental to the discharge of his duties, the allowance would be deemed not to be taxable income to the extent of not more than a third of the aggregate of his normal seasonal indemnity and the expense allowance. A June decision of the supreme court of Canada, ruled travelling and living expenses of an Alberta legislator member were not exempt from taxation.

It was the case of James C. Macleary, former independent member of the provincial legislature for Calgary, who had claimed \$236 in travelling and living expenses on his \$2,000 seasonal indemnity in his 1941 federal income tax return.

Critics Say Ilsey's Budget Likely to Curtail Production

By Torchy Anderson
OTTAWA.—Next week when Progressive Conservative official opposition speakers begin taking apart Mr. Ilsey's new budget the main theme of criticism will be the effect of the budget will be to curtail rather than increase production in Canada.

Critics will stress the delayed action principle that applies to the important taxation changes. They say that postponing effect of reductions in corporate taxes will not encourage firms to struggle for materials in a tight market when they know greater production after Jan. 1, 1947, will bring bigger returns. They will deplore the fact wage earners will not get immediate encouragement from the postponed reductions in personal income tax.

The government may expect to face a general frontal attack on its whole economic policy reflected in the budget.

Among private members the budget was received with mixed feelings. Quebec Liberals are elated because they think the new offer to the provinces will place Premier Duplessis, the man who left the final session of the dominion-provincial conference before adjournment, "on the spot." Some Ontario Liberals are inclined to think it will put Premier George Drew in the same position.

Through most of the membership of the house there was disappointment that the budget, having been delayed until very late in the year, should not have had more immediate effects.

Offer Awards To 'Ag' Students

MACDONALD COLLEGE, Que.—Twenty agricultural scholarships in post-graduate training will be awarded this coming year. It was announced at the annual meeting of the Agricultural Institute of Canada.

The scholarships, of \$800 each, were donated by business firms in agricultural field. Applicants will be judged on the basis of scientific contribution they have already made and their capacity to assimilate and benefit by additional training.

Responsible for the selection will be Dr. J. F. Booth, chief of the federal agriculture department and chairman of the scholarship committee, and Dr. R. D. Shulzer, Dean of the faculty of agriculture at the University of Alberta and chairman of the scholarship administration committee.

Hospital Ready At Mayerthorpe

MAYERTHORPE.—The new 20-bed hospital built at a cost of \$80,000 is expected to be opened officially just as soon as six more nurses can be added to the staff, it was stated Saturday. The hospital is being equipped with \$10,000 worth of the latest equipment covering all branches of medicine and surgery.

It is the town's first hospital, designed by Rule Wynn and Rule, constructed by Bennett and White, 1000 Bloor street.

Matron of the hospital is Mrs. L. M. Edwards. Chairman of the hospital board in the town, 50 miles northwest of Edmonton, is L. E. Taylor, Glencourt.

A women's group in the town has provided all the hospital linen and another community project was the planting of a potato garden to supply the hospital with vegetables.

Pumping and heating facilities were installed by Lockerbie and Hele, Edmonton.

More Time Lost Through Strikes

OTTAWA, (CP)—A sharp increase in the time lost through strikes in the first five months of this year was reported Friday by Labor Minister Mitchell. The increase of 680,000 man-days was attributed mainly to the strike of 35,000 B. C. loggers which started May 15 but had not ended. During May there were 35 strikes involving 47,730 workers with a time loss of 564,225 man-days—2 percent of the time loss for the five-month period.

During the five months there were 92 strikes in which 61,866 workers were involved with a loss of 601,108 man-days. For the corresponding period of 1945 there were 83 strikes affecting 23,098 workers with a loss of 77,733 man-days.

Coast Hospitality Said Too Lavish

VANCOUVER, (CP)—Some of the delegates to the ninth annual conference of the Canadian Federation of Mayors here found there was too much hospitality and not enough business.

Mayor W. F. Stone of North Bay, Ont., complained that only 11 hours and 45 minutes had been devoted to actual business during the four-day conference. Others said not sufficient time had been allowed for consideration of resolutions.

Mayor J. W. Cornett of Vancouver said: "We only tried to show delegates that the city appreciated the choice of Vancouver as the conference city."

UNDULANT FEVER

CALGARY, (CP)—Several cases of undulant fever, none of them believed to be serious, were reported in Calgary Friday by a doctor.

Frederick Belonger, financial secretary of the war office, told the commons Friday that his aggressive against Britain "no doubt" would take the form of a heavy air attack and plans already are in effect to deal with any emergency. He said that as far as dangers can be foreseen, precautions have been taken.

Toscanini Mad At Big Four

Resents Release Pool Elevators

WINNIPEG, (CP)—Cecil Lamont, president of North West Lake Elevators association, said in a statement Friday that "we are disappointed the government proposes to release the pool elevator companies from large portion of their income tax liability."

Mr. Lamont, commenting on budget announcement by Finance Minister Ilsey, added:

"As at July 31, 1945, the estimated income tax liability of the wheat pools to the dominion government was \$23,216,571."

"The pool elevator companies have been resisting payment of these taxes by every means at their command. The government, on the advice of their own department of justice, instituted proceedings in the exchequer court to collect the taxes owing by the pools, and it is logical to assume these cases should be proceeded with."

"Retrospective legislation is always bad but more so in respect to taxation as obviously it relieves someone of a tax liability at the expense of the general taxpayer and in this particular case the amount of relief given amounts to many millions of dollars."

W. A. Landreth, president of Canadian Poultry Sales Ltd., a co-operative, said he believed the trend toward lower taxes evident in the new budget is about the maximum tax relief we could expect in view of the financial obligations of the federal government at this time.

We interpret the information given in the press regarding taxation on co-operatives to mean that the findings of the McDougall commission are in a large measure to be implemented. This legitimate case the amount of relief given amounts to many millions of dollars."

WINS DIVORCE

LAS VEGAS, Nev. (AP)—Diana Barrymore, 25, actress daughter of the late John Barrymore, was granted a divorce Thursday from actor Bramwell Fletcher, 38, in a brief closed hearing. She charged mental cruelty.

RINSO IS THE ONE AND ONLY SOAP YOU NEED

"I was really caught off guard..."

... because I forgot one simple fact!"

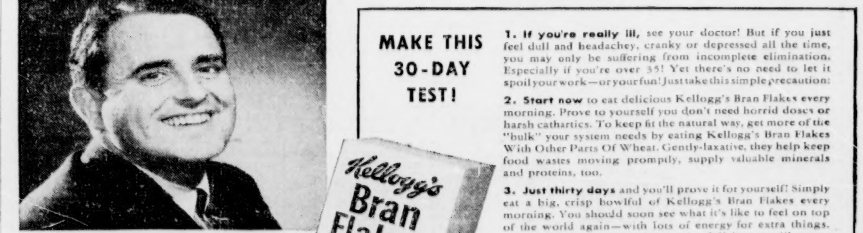

"SITTING behind a desk can seem more tiring than marching all day. It is, if you feel dull and headache all the time... I know!"

"After five years in the Service, I discovered how the change to a 'no-exercise' job could lead to listlessness. Yet, the real cause was easily diagnosed... it was simply incomplete elimination."

"But I tried Kellogg's 30-day test, and found how a simple change of diet could help keep me fit... raring to go after office hours, too."

"And do Kellogg's Bran Flakes taste good... mmm boy!"

3 to 1 say Kellogg's are favourite. In a recent survey, 3 times as many housewives voted "Kellogg's" their favourite Bran Flakes as named any other brand. Look for the golden-yellow package—try the large, thirty-day test!

KEEP FIT WITH KELLOGG'S EVERY DAY IN THE YEAR!

MAKE THIS
30-DAY
TEST!

1. If you're really ill, see your doctor! But if you just feel dull and headache, cranky or depressed all the time, you may only be suffering from incomplete elimination. Especially if you're over 35! Yet there's no need to let it spoil your work—try your fun! Just take this simple precaution:
2. Start now to eat delicious Kellogg's Bran Flakes every morning. Prove to yourself you don't need horrid doses of harsh cathartics. To keep fit the natural way, get more of the "bulk" your system needs by eating Kellogg's Bran Flakes With Other Parts Of Wheat. Gently-laxative, they help keep food wastes moving promptly, supply valuable minerals and proteins, too.
3. Just thirty days and you'll prove it for yourself! Simply eat a big, crisp bowlful of Kellogg's Bran Flakes every morning. You should soon see what it's like to feel on top of the world again—with lots of energy for extra things. And Kellogg's are so downright delicious you'll never want to give them up!

Famous Pictures To Be Displayed

Photographs representing local, Canadian and world-wide talent, will be on display during exhibition week in the new Arts building at the exhibition grounds for the occasion of the "Gateway to the North," the first international and second salon of photography. Arrangements have been completed by Alfred Blyth, ARPS, well-known city photographer. The photographs have been picked for hanging by Frank A. Halliday, ARPS, Calgary, a prominent exhibitor in world competition.

A LARGE NUMBER of the exhibitors belong to the Royal Photographic Society, or to the Photographic Society of America. Entries have been received from points throughout Canada, United States, Great Britain and India. In Mr. Blyth's words, "It's the biggest thing in photography to have ever reached Western Canada."

The display features a variety of subjects which includes 20 pictures from the Royal Photographic Society in England. Other photographs entered are from such well-known photographers as Eleanor Parke Cusick, John R. Hogan, Floyd B. Evans, Frank R. Fraprie and Cecil B. Alvarado, all who are classed within the ten most prolific exhibitors in five year standings.

SOME OF THE FAMOUS pictures displayed include "Leaf Pattern" and "Looking Up" by John D. Dodds of Benton, Kentucky. The latter is a picture of three kittens which has been displayed on many magazine covers and hung in salons all over the world. "Repose,"

The two terms, vaccination and inoculation, though often used as synonymous, are actually very different. Let's take the case of immunization against smallpox for example. Inoculation against it consists of putting some live smallpox germs into a healthy person's body, so that a mild case of smallpox is produced. But in vaccination, the person is given cowpox germs, which produce a mild case of cowpox, which is similar to smallpox and sets up immunity against it. Inoculation against smallpox was practiced in ancient times by the Chinese, and was introduced into England by Lady Mary Montagu, in the eighteenth century.

by Frank R. Fraprie, of Boston, Mass., has been hung in many of the better known salons in the world. Six entries have also been received from Fellows of the Royal Photographic Society and one from J. Mortimer, an honorary fellow and one of England's most prominent photographers.

Thousands of Dollars Unclaimed For Many Years in City's Banks

Edmonton Bulletin Ottawa Bureau OTTAWA, June 29. — Both the Ku Klux Klan and the Communist party have small balances which have been "forgotten" in Edmonton banks. It was disclosed today on examination of the list of "unclaimed accounts" which have been tabled in the House of Commons. Apart from the "forgotten" liquid assets of the Klan and the Communists, some hundreds of people in Edmonton and district have thousands of dollars which have been left untouched for more than five years in their accounts.

TOM THE TAXI MAN PICKS UP MANY A U.S. DOLLAR

but... CANADA'S TOURIST BUSINESS IS YOUR BUSINESS TOO...

TOURIST MONEY spreads around. It flows into every community, creating extra business, added income. Even if you never see a tourist you benefit from his spending just as surely as Tom the taxi man.

Let's protect our valuable tourist business. This year of all years, we must make our American neighbours especially welcome so that they will take back with them pleasant memories of Canada's courtesy, kindness, real neighbourliness.

In so doing we'll be building up a priceless backlog of goodwill. We'll be helping to make the tourist industry still bigger and more prosperous in the years to come.

Give them a friendly CANADIAN welcome!

High Taxes Seen Industry Threat

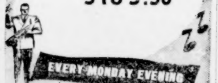

EDMONTON, (CP)—Overburdening of business and industry by taxation will mean bringing state ownership of industry "in by the back door," Premier Manning told delegates to the 36th annual convention of the Canadian Electrical Association.

Mr. Manning said his government was as much opposed to this introduction of state ownership as bringing it in by the "front door" where it could be recognized as such.

Mr. Manning said his government's outlook by both management and labor to solve the present labor problems which he said were hampering Canada's post-war reconversion program.

Farm Machinery Production Up

OTTAWA, (CP)—Reconstruction Minister Howe said this week Canada's production of farm machinery had jumped 30 percent since the end of the war and now probably stood at least 100 percent above pre-war figures.

Appearing before the veterans committee of the commonsense he said he believed that about 40 percent of current production was exported.

He said that UNRRA's quota had been filled for the current year.

Deplores Order No News, No Cash

WASHINGTON, (AP)—Deploping the action as "a direct slap at the UNRRA," Rep. Clarence Cannon (Dem-Mo.) is expected to the house of representatives Friday to reverse its vote of Thursday night putting a "no news-no cash" tag on future UNRRA relief.

The appropriations committee chairman said he was "hopeful" that on a roll-call vote the house would nullify the top-heavy standing count of 154 to 53 by which it directed that none of a new \$460,000 UNRRA fund be spent in countries denying American correspondents free access to UNRRA news.

Supporters of the amendment proposed confidence, however, that the house would stand pat. The issue started to come to a head rapidly after President Truman reported to congress Tuesday that all countries receiving UNRRA aid, except the Soviet republics of Ukraine and Byelorussia, have made "satisfactory arrangements" for uncensored press reporting of UNRRA operations.

Rep. Everett Dirksen (Rep-Il.), author of the restriction, claimed that since 72 cents out of every UNRRA dollar comes from the United States, the American people have a right to know how it's being spent.

Eliminate Tariff Some Car Parts

By H. R. Hardy
OTTAWA—Important reductions in duty on a number of motor car components were announced by Finance Minister Fliley in his tariff changes.

Fluid couplings, with or without drive plate assemblies, and parts thereof of the hydraulic clutch which will be a new feature of some Canadian-manufactured cars—will come in free instead of under a 25 percent duty as formerly.

Hydraulic or fluid couplings and torque converters, used in very heavy trucks will come in under a duty of only 7 1/2 percent as compared with 25 percent previously.

A variety of components used in the manufacture of motor truck bodies will now enter free instead of under a 25 percent duty.

Peru Guarantees Full Protection To Foreign Capital Investments

By Paul McMahon
North American Newspaper

LIMA, Peru—A better understanding by the U. S. of the temperaments of the Latin American is necessary for the hemispheric unity in the opinion of President Jose Luis Bustamante, of Peru.

In an exclusive interview, President Bustamante emphasized the importance of unity among all the countries of North and South America, but said it could not be achieved without better understanding Latin American react differently to some actions than do Anglo-Saxons, the president observed. He described the Latin American as a proud man with a strong sense of honor and considerable self-esteem.

When a person takes an action against a Latin American which the latter considers a blow to his honor of self-esteem, the Latin American reacts violently, the president pointed out. He explained that the same was true between nations.

The president said he was sure that complete harmony among all countries of the hemisphere would be achieved with the development of that understanding.

"In my own country, I hope for the development of a greater spirit of democracy as the basis for the better relations with the U. S. President Bustamante said. "I am encouraging the formation of several political parties, each representing a definite line of thought and built around a personality rather than a man. I think political parties promote democracy."

In the past, he recalled, Peru has had presidents surrounded by people, rather than by a political party. He said the Peruvian has a natural democratic spirit but that he has little chance to express it. Peru also badly needs economic development, especially in agriculture and industry, the president asserted.

"There are great opportunities in this country, but we need more capital to develop them," he explained. "Peruvian capital is small and timid. We want foreign capital. I invite such investment and guarantee its protection."

Hotelmen Seek New Employees

MEDICINE HAT, (CP)—Medicine Hat hotelmen Thursday advertised for tapen, waiters and bartenders to work in beverage rooms, as a result of the current strike of members of the Beverage Dispensing Union.

Beer parlors were open with skeleton staffs serving the drinking public. Outside the hotels, parades carrying large protest signs. No violence occurred.

Hotelmen reported business will be carried on "as usual."

The Med Hat Union beer parlor employees struck Tuesday with employees of Calgary beer parlor after breakdown of negotiations with the Hotelmen's association on the terms of a new contract.

CALGARY, (CP)—Beverage rooms in Calgary hotels were closed as the strike of beer parlor waiters continued. Hotelmen were recruiting non-union help but would not state definitely where they would open their parlors for business.

New Wave Length For Three Stations

OTTAWA, (CP)—Three private stations in Calgary, Winnipeg and Toronto have been asked to release their frequencies in June, 1947 to the C.B.C. and alternative frequencies have been suggested. It was discussed here by C. W. Bowne, transport department controller of radio.

Appearing before the commonsense radio committee, Mr. Bowne gave first official details of the C.B.C.'s plan to take over the clear channel frequencies of the three private stations—a policy which already has stirred controversy.

Mr. Bowne declared that all the stations had been warned of the C.B.C. intention as their licenses were renewed annually.

The C.B.C. in taking over the channels, was following a policy laid down for it in government reports and acts which recommended seven 50,000 watt stations to provide the country with efficient national radio coverage.

**\$100 Duty-Free
Any U.S. Goods**

By H. R. Hardy
OTTAWA.—Of the "minor adjustments" in the Canadian tariff proposed by Finance Minister Fliley in his budget, probably the one of the highest interest to the average Canadian is that on goods brought into Canada by Canadians who have been holidaying in the United States.

Under the new tariff arrangement all goods valued at no more than \$100 included in the baggage of residents of Canada returning from abroad after an absence from Canada of not less than 48 hours and acquired for personal or household use, gifts, souvenirs etc., will be admitted duty free.

The individual will be able to bring back, among other items, one quart of alcoholic beverage, 50 cigars, 200 cigarettes and two pounds of tobacco.

During the war special wartime taxes on such items as tea, coffee, liquor, jam and so on were levied. These now will not have to be paid.

As an official of the tariff board informed the Southern newspapers: "the tourist now will be able to bring in anything, providing it is within the \$100 limit, whether it is a radio, a bottle of whisky, tea, coffee or any other item formerly taxable."

Truman Promises Send Food Grain

WASHINGTON, (AP)—President Truman said this week the world food crisis "is not over," although the United States is abreast of its goal in the shipment of grain.

The president said the country must continue to share its food "during the coming months of hunger abroad."

He released this statement to his press conference, asserting that the United States "will fully meet its half-year goal of 6,000,000 tons of food grains, but that final shipments to complete the total will not leave American ports until after July 1."

Sport Gossip At A Glance

When Pine Hog won the fourth dash at Winnipeg Thursday it was the seven-year-old gelding's first win to the winner's circle in 19 starts this season and last. No wonder the pig is no less paid than \$10 and some change. A two-buck wonder. Brother Eke is a deep alarm in the direction of Ken Lewis. When the alert herded staged a golf tournament earlier in the week at the Edmonton Country club Lewis, a champion performer, came up with a net 66 to take the honors. And while on the subject of the Country club, it is true that the beautiful layout on the city's western fringes and Pro Otto Anderson have parted company. There isn't much being said about the Alberta amateur golf tournament, scheduled for Highlands club, July 11. But behind the scenes Johnny Munro, president of the principal golf governing body, and his side are busily getting their house in order.

Management of Junior Canadians, Abbott cup finalists against Winnipeg Monarchs last spring, is set to plan the next season's Memorial cup contest. With a nucleus in Galtie Johnny Smith, McFarlane, Rick and Bill Gadsby, forwards Ed and Harry Crowe, and two to build on the Canucks need more strengthening to make them contenders. Then there's Tom Kelly, new first baseman from San Francisco, took part in a couple of workouts at Renfrew park Friday by way of tuning up after two week layoff. Ballbirds report the new Californian as giving indication of being quite a ball player.

Waverly Vines, the reformed tennis player who turned out to be a sharp 29 over the course in his first round in the incoming nine Friday in Canadian open play, finished with a 65 in last week's U.S. open at Cleveland.

It's reported that Tommy Steele, reformed cinder track fad, has been barred from participating in Monday's Highland Games at the City Side. Steele, who has just set an amateur card from the Alberta Amateur Athletic union because he worked a couple of weeks as a playground supervisor for two months.

Bernard Fraser, demon statistician of Kingsway Football park the big time, is being quite a ball player. Full of July delivery where the pitching system is concerned. Big things are planned for later in the season at Kingsway with this pitcher. The stocky tosser did a magnificent job, blanketing the batters without a hit for six of those. In the seventh he yielded a triple and single and Ray Enright and Wigeland chipping in. Three runs came over to him with booming triples to centre all but wipe out a four-run lead which the Leafs had manufactured as they went along.

Sensational Back Nine 29 Carded by Ellsworth Vines

By W. R. Wheatley
RAYMOND ELLSWORTH GOLF CLUB
(CP)—The Canadian open golf championship produced fireworks Friday and when the spectators were over E. J. (Dutch) Harrison of Little Rock Ark., was the leader with a 36-hole total of 137. Harrison tacked on 69—three under par for the second round—on his first round score of 68. Ellsworth Vines, former United States Davis cup tennis star, set a blazing course record of 65, and wound up in a three-way tie for second at 138. The others were Gordon Brydson of Toronto, who had a 67 on top of 71, and George Duns of Los Angeles, who scored 68 Friday on top of 70 Thursday. Harrison, who was in the American armed forces during the war, displaced Vic Ghazzi of Knoxville, Tenn., at the pace-maker. Ghazzi Thursday had set course record of 66 but Friday he continually slipped and wound up with 74 for a two-day total of 140.

Vines showed Em Harrison put on possibly the steadiest play of the two days. But Elly Vines caused the excitement when he romped down the back nine with a smashing 29 which officials believe a record for any nine holes in a Canadian open. The home par is 36.

Gordie Brydson, former hockey player who now is professional at the Toronto Maple Leafs, kept up his brilliant golf to lead the Canadian entrants. The open is 72 holes of medal play, and it's half over. There'll be another 18 holes Saturday and the final 18 will be played Sunday. A departure from the pre-war schedule of two days of 18 holes and one of 36.

Lloyd Mainum, United States open champion who played a shaky 75 Thursday, came back strongly with a 65 Friday. He was clicking again. His 36-hole total of 142 was a stroke better than Stan Leonard of Vancouver, who had a 72 on top of 71 Thursday.

Wimbledon Tennis Has Big Upset
WIMBLEDON, (CP)—Jaroslav Drobny, Czech, who has been the star, Friday scored the greatest upset in the history of the tournament when he defeated the favored Jack Kramer of California in the fourth round of the men's singles in five straight sets.

24-year-old dark horse, Drobny, United States champion of winning the event a severe blow to the favorite, Kramer, 34, 6-3, 6-3, 6-3 and 6-3 in a terrific 2½-hour match.

Seeded No. 2 in the tournament behind Drobny, the Australian, Drobny, had been favored to fight his way through to the final but he was out of the running after a first round loss to the No. 1 court.

Two unseeded California youngsters, Budge Patty and Tom Brown, who carry the 1946 Wimbledon title, today runs into the tournament favorite, Patty, while Brown, hero of Thursday's upset win over Pancho Segura, faces Tony Matram of Britain.

In the four men's singles duels Friday, Drobny was joined in the quarter-finals by Pierre Pelina of France, Geoff Brown of Australia and Yvon Petra of France.

Coast Puck Loop Has 2 New Clubs
LOS ANGELES, (AP)—Two new clubs—Tacoma, Wash., and Fresno, Calif.—were added today to the Pacific Coast Ice Hockey League at a meeting of club owners Friday.

The regular season will start Oct. 19 and run through March 1, a 69 game season.

Tony Hemmerling was named to coach Fresno, and Tacoma announced the signing of Dave Domela, a 15-round title bout to be held Aug. 21 in Yankee Stadium, under motor Mike Jacobs announced.

George Campbell of San Francisco was re-elected president.

TITLE FIGHT
NEW YORK, (AP)—Marty Berro, world welterweight champion, and Ray Robinson, former world champion, will fight a 15-round title bout to be held Aug. 21 in Yankee Stadium, under motor Mike Jacobs announced.

Purcell-McAvoy Tennis Winners

Andy (Shorts) Purcell and Beale McAvoy successfully defended their mixed doubles championship at the annual City Tennis Tournament Friday. Their opponents in the final were Jimmy Moyle and Sophie Michal. The Purcell-McAvoy alliance scored a 10-8, 6-2 triumph after overcoming stubborn first set resistance. Match was played at Glenora courts.

Assistance Asked For Spokane Club

DURHAM, N.C., (AP)—President W. G. Bramham of the National association yesterday called upon all clubs in the minor leagues to lend assistance to the Spokane club of the Western International league, whose roster was wrecked by a bad accident Monday night in which nine of the team's players were killed and several others critically injured.

Bramham said he would permit other clubs in the Western International league to assign players conditionally to Spokane, with the club having until the close of the season to exercise the right to purchase the contracts of such players. This concession is contrary to baseball law, but it is being made in the emergency, Bramham said.

He advised it would be possible for clubs in the Western International to option players to Spokane, but they must all play help possible under conditional assignment transfers.

Handicap of Nine
Only players with a handicap of nine or under will be eligible. Entries must be made to W. D. Taylor, secretary, the Royal Canadian Golf association, 252 Bay street, Toronto. Deadline is 12:00 O'clock noon, July 22.

Question of whether Mayfair will enter a pair 70 or 72 for the Canadian amateur event is still a matter for speculation. Earlier it was given out that the Bruins would be upped to 72 from the accustomed 70 to the past several years. Now there are rumors that the lower figure may be retained.

Bruised men look on these times as Dr. O. R. Davison, chairman of the committee charged with the duties of next month's classic, and Tommy Morrison, head man at Mayfair. Both are keen to make the 1946 tournament one of the best in history.

Eaton Cup Golf

Ken Jennings and Doug Williams, both British Columbia amateurs, as previously reported, will be challengers for the Eaton cup trophy at the Highland course Sunday.

Jennings and Williams will oppose the defending club members, Henry and Burns Stewart.

A week from Sunday, providing the weather isn't a downer from some outside point, the Country club Course-Letke combination will go after the trophy.

New Deaconess Arrives in City

Edmonton people are very friendly in the opinion of Miss Mary Shaw, new deaconess at First Presbyterian Church, and she is sure she will enjoy her work here.

MISS SHAW was born in Swift Current, Sask., and attended school there, later taking a secretarial course in Moose Jaw. After a year of business life, she enrolled in a three-year course at the Missionary and Deaconess Training School in Toronto, at the same time studying violin and singing at the Toronto Conservatory of Music. She hopes to use music in her church work, though she enjoys it mostly as a hobby.

Before coming to Edmonton, the young deaconess served in the Moose Jaw Presbytery, and at Rocky Mountain House. She was designated in the First Presbyterian Church on May 31.

Sunday Services For Tabernacle

Rev. J. D. Carlson, recently appointed minister of the Beulah Tabernacle, will be heard preaching in both the morning and evening services this Sunday, at 11:30 a. m. he will speak on the topic "The World's Most Tragical Sin—Disobedience." Then at 7:30 p. m. his subject will be "Don't Worry About Me—I Will be in Heaven Because I Have Been—". In both of these services Mr. Carlson will play the piano and marimba duets. In the evening service Mr. Carlson will teach the congregation his own composition - chorus, "Edmonton for Jesus." All are invited to attend these bright, Sunday gospel services.

Men and young people's work here, and will begin by assisting at the Sylvan Lake girls' camp in August.

The human body is about 70 per cent water.

TODAY'S MESSAGE

Tell It To The Minister

"Tell it to the chaplain" was the advice often given to men in the armed services when they complained that their problems and difficulties were "getting them down." How valuable and helpful the guidance and inspiration given by the chaplains proved to be may be gauged by the number of men now returned to civilian occupations who confess they miss the advice given them while in service.

There are few individuals who do not feel the need at times of a disinterested and honest friend who has both the knowledge and background to assist them in making decisions or facing problems in their lives. However, too many fail to heed what will be the wisest advice they can get: "Tell it to the minister." To the Roman Catholic or Jew, the admonition will be: "See a priest," or "Talk to a rabbi."

Men who follow a religious vocation are, by reason of their training, outlook and insight into fundamental human needs, perhaps better qualified than any other group to deal with the wide variety of personal problems which are spiritual or moral in their essence, and which, if not remedied, may vitally affect the happiness of individuals and their families.

In small communities, the minister, priest or rabbi is generally in intimate contact with members of his parish or synagogue, and may, therefore, seem more approachable. But even in large cities, with their scores of churches and synagogues, it is always possible to secure an interview with a pastor or assistant. There is a standing invitation on every rectory door to all who seek counsel or consolation in their troubles.

SALE OF FARM PROPERTY BY TENDER

Pursuant to the Order for Sale and Direction of the Honorable Mr. Justice C. J. Ford, Sealed Tenders will be received for the purchase of the North East 1/4 of Section 9, Township 36, Range 4, West of the 4th Meridian, containing 129 acres, more or less, reserved under the Canadian Pacific Railway Company's coal. This quarter section lies about five miles from Manning, Alberta. There are approximately 115 acres of cultivated land, well 80 feet deep, it is fenced on all sides and there are thereon the following buildings:

Frame house 20'x30', frame barn with straw roof 16'x14', frame granary with single roof 12'x12', frame granary 12'x12'.

The property will be offered for sale at an upset price of \$12,245. Tenders must be enclosed in a sealed envelope marked "Tenders for Canadian Northern Prairie Lands, Co. Ltd. vs. Upson, No. S.C.A. 36628", addressed to A. Simpson, Esq., K.C., Clerk of the Supreme Court, Court House, Edmonton, Alberta, and must be in his hands not later than Saturday, the 29th day of July, A.D. 1946, at 12:00 o'clock noon.

TERMS OF SALE

Each tender must be accompanied by a marked cheque or cash for 10% of the amount of the tender and the balance of the purchase price must be paid into court within sixty days after acceptance of the tender without interest.

The deposit of 10% shall be forfeited by the successful tenderer if he fails to carry out the purchase after acceptance of the tender. The balance of the purchase price shall be paid in cash or by instalments at the option of the successful tenderer. The instalments shall be paid in cash or by instalments at the option of the successful tenderer.

Top U. S. Herds For Summer Fair
United States herds for the first time since 1939, will compete with the cream of Canadian cattle at the annual summer fair sponsored by the Edmonton Exhibition Association to be held July 15 to 20 inclusive.
ENTRIES THIS YEAR are greater in excess of last year, and many herds are coming from Ontario, Manitoba, British Columbia, and from all the leading breeders in Alberta.
Shorthorn, Aberdeen-Angus, and Arden cattle are being exhibited as United States breeders, and are meeting the stiffest sort of competition in these classes, as Canadian breeders have entered their best on the "A" air circuit.
ENTRIES ARE HEAVY in the horse classes, but competition in these events will be confined to exhibitors from Western Canada. In the sheep classes, exhibitors from Ontario, Manitoba and British Columbia will give Alberta breeders a real battle for the greatly increased prize money.
The prize money in the different livestock classes this year has been

Former Resident Dies at Vancouver
Wife of Robert Pearson, former Alberta movie censor, Mrs. Beulah Pearson died suddenly in Vancouver Friday. She was 62 years old. A resident of Edmonton for 13 years, she was prominent in United Church activities here. At one time she held the post of president of the Women's Missionary Society of McLeod United Church. With her husband she moved to the coast last fall.

Acting upon the recommendation of the Company's consulting engineer, E. K. Fockler, M.E., your directors have sanctioned a campaign of mapping, trenching and channel sampling to July 1st; this to be followed by diamond drilling to be continued throughout the winter months.
Mr. Fockler has recommended a series of deep drill holes with initial objectives set for a depth of 1,400 feet.
Your Company holds a second property - approximately 1,000 acres - in the Chibougamau area, but will concentrate on the Tyrell Township group claim for the present.

SNAPPER'S FREEDOM

SINCE the Teenie Weenies threatened to hand Ginky over to Tompkins, the cat, the mouse has kept away from the Teenie Weenie village. He does come around at night and he occasionally gets into the Teenie Weenie garbage thimbles, but he strictly stays away from the laundry because he is in great terror of Snapper, the Chinaman's watch bug. The Chinaman has trained the beetle to chase mice, and even the respectable mice are afraid of him. Snapper will chase Teenie Weenies, too, and for that reason the Chinaman has to keep the bug tied to the English walnut shell that serves for a bug house. Snapper doesn't like to be tied up and one day he earned his right to run free. This is how it happened.

It was a warm afternoon and most of the Teenie Weenies had gone for a walk to the big woods. The Cook and the Lady of Fashion were in the kitchen baking a Teenie Weenie cake. The Doctor had stretched out on a Teenie Weenie couch in the living room with a postage stamp over his face trying to take a nap. The Chinaman was busy ironing Teenie Weenie clothes and the Duncie had gone fishing. It was very quiet in the village and Snapper grew bored. He began chewing at the string with which he had been tied and presently he found himself free.

He went towards the shoe house and as he drew near the place he saw Ginky, who had sneaked into the village in hopes of stealing something to eat, peering through the kitchen window. Snapper dashed at Ginky, caught the mouse's tail in his powerful

pinchers and gave a mighty squeeze. Ginky leaped into the air and let out a squeak that brought the Teenie Weenies running out of the house. Ginky tried his best to shake off the beetle. But Snapper held onto the mouse's tail until the Chinaman came running to the spot and dragged the bug away.

"This is a fine pickle," squeaked Ginky, picking up his tail and examining it, "when a mouse can't come here without being attacked by a vicious bug!"

The Doctor examined Ginky's tail and found it a

little swollen. He put some wintergreen oil on it, bandaged it and then told the mouse to get out of town. "Keep your tail out of here and it won't get nipped," the Doctor warned.

Ginky became abusive and he said words so nasty the Lady of Fashion had to stuff her tiny fingers into her ears, but when the Chinaman threatened to sick Snapper onto him, the mouse left in a hurry, and he'll probably stay away. For Snapper is now allowed to run free, and Ginky thinks a great deal of his tail.
